THE PLACE "PINCHECO"

Where It Is and What It Is—"Pincheco" Ancient and Modern—A History of Crimes.

(Calfax in Owensboro Inquirer.)

Recently I have read several attempts to describe the land of Pincheco, and there seems to be a difference of opinion, no two of the writers agreeing as to the location of famous Pincheco. Pincheco has always been somewhat like the milk's kessness was fifty years ago—always "just over yonder," the inquirer never finding the exact location; therefore I shall try to locate it as accurately as it is possible to be done.

From the information I can get, the careful investigation, it is located in portions of Ohio, Breckinridge and Hancock counties, the latter portion in Hancock county. It consists of about ten square miles, and is of a Republican complexion politically, that party having a decided majority of the voters. But Pincheco proper comprises about five square miles within the center of the larger boundary, and within which smaller territory some atrocious deeds have been committed.

About the year 1850 Reuben Martin was assassinated by some unknown person. The assassin shot through a window of Mr. Martin's home, instantly killing his victim. Martin was the owner of several slaves, and it is supposed that one of his slaves murdered him. There were suspicions against a certain neighbor but there was not evidence sufficient to warrant an arrest and trial, hence the matter dropped and nobody was ever arrested or prosecuted for the crime.

In 1850 two of the Rucker boys, sons of Henry Rucker, were shot and killed by James Rogers, after a considerable battle. It appears that the Rucker boys had cut down a "bee tree" on Rogers' land without his consent, resulting in the duel which ended fatally to the Ruckers. Rogers was arrested and put under bond for his appearance for trial. He fled to parts unknown and was never apprehended.

In 1853 an old man of the name of Burns, who was an old bachelor, lived alone in a little house on the old site of Victoria. He had accumulated a few dollars. One night James Smith, Miles Chama or coffee, and two others, whose name no one in the vicinity seems now to remember, deposed Burns from his cabin and murdered him outright. Then they robbed his house of his money. Chama or Coffee was arrested, tried and convicted, and sent to the state prison for life. James Smith and two others alleged to have been implicated in the crime were chased to Eastern Kentucky by the officers of Hancock county, but failed to overtake them, and the criminals made good their escape.

In 1857 Pincheco was startled by the murder of Sam Anderson, who was deposed to the home of his brother-in-law, and engaged in a difficulty with his father-in-law, and a neighbor named Rucker. They slew him and planned to put his body away in a manner to escape detection, but in this they were frustrated by being discovered. The inquest indicated that the murder was committed by Smith, Rucker, Holder and Polly

Holder. At the final trial Smith, Holder and Rucker were convicted and given sentences to the state prison.

In 1862 another Pincheco citizen, named Cartwright, was murdered by some unknown person. Suspicion pointed to a young man named Tierney. He was arrested and taken to Cloverport. While the examining trial was in progress everybody present was startled when Neal Burk appeared in court and confessed to the killing of Cartwright. He claimed that he did it in self-defense, and as there was no evidence to the contrary, both Tierney and Burk were released, and there was never any further legal proceedings in the case.

On Christmas eve, in the year 1900, an old man named McCarven was murdered. An investigation developed the fact that the crime was committed by the Burk boys. Two of them were convicted and sent to the penitentiary for a term of years and have since been released before the expiration of their sentence, but their freedom depends upon their good behavior. In July, 1892, Rolfe Sanders was shot and killed by a man named McQuithie at a picnic in the Pincheco neighborhood. The prosecution could not overthrow the plea of self-defense, and McQuithie went free.

In 1903 the famous Lincoln Smith, of Pincheco, was shot and killed by Tom Keown, the marshal of the town of Fordsville, Ky. Smith resisted arrest and would have killed Keown if the latter had not been too quick for Smith. The killing occurred on an Illinois Central train.

All these murders were committed in Pincheco proper, and there have been many other minor crimes committed within the same territory, such as cutting and shootings, and regular "knock-down-and-drag-out" fights. It has always been a common saying that when a picnic was advertised in Pincheco that the posters say, "fighting will begin promptly at 2 p. m.," and whether the advertisements contain such statement or not, that it is the usual hour at which fighting begins at Pincheco picnic. As recent as ten years ago fighting at barbecues, picnics and social gatherings, was as common as cornbread on the tables of the Pincheco people, and some times the fighters would cut and shoot to hurt. Some would cut with knives and shoot with pistols, while others would cut for home and shoot under the bed to get out of danger.

The foregoing describes Pincheco as it was in the past. It was what it was to the natives as "Ancient Pincheco." The Pincheco of the present and the past few years, or "Modern Pincheco," as it is known, is situated in the same territory as "Ancient Pincheco," and has as fine a people, as good citizens, as industrious and honest men, as beautiful and virtuous women as any spot on earth. The fighters have all been killed, died of natural causes, moved to other counties, or reformed, and the vicinity has undergone a complete change.

"Modern Pincheco" is now dotted with churches and school-houses. The gospel is preached from the hilltops, and the educational spirit is prevalent. Christianity and good citizenship now characterize the inhabitants of "Modern Pincheco."

A WEEK'S HAPPENINGS

RELATING TO AFFAIRS IN THIS AND ADJOINING STATES.

Man Who Killed His Brother Claims Just Provocation—General Harris Dead—John Allen's Will Can't Be Found—Powers Case Postponed.

Richmond, Ky., Oct. 1.—The examining trial of Nathan H. Tudor, charged with the killing of his brother, Marion last Thursday night, occurred before Judge N. B. Turpin. Tudor's statement follows: "My brother came home from Richmond greatly under the influence of whiskey. He wanted to use a horse that had been driven all day, and I objected. I went to turn the horse into a pasture, and when I returned my wife told me he made indecent proposals to her. I grasped my gun and ordered him to leave. He then threatened me with a knife, when I shot him. Judge Turpin allowed Tudor to go without bond. His case, however, will be referred to the grand jury this week.

He Fought 'Mit Sigel.'
Parkersburg, W. Va., Oct. 2.—General Thomas M. Harris, 53, brigadier general in the Union army during the rebellion, and brevet major general, died at his home at Harrisville after a month's illness. With his regiment he served with General Commander Franz Sigel, and subsequently as a brigadier and division commander under Sheridan in the valley, and finally was transferred with his division to Grant's army in front of Richmond. At Appomattox he was directly in front of Lee's advance line and on him was allotted the task of silencing the last battery that General Lee ever placed in position.

Searching For Will.
Lexington, Ky., Oct. 2.—Efforts to locate the will of the late John Allen so far proved a failure, and much anxiety is felt by relatives of the deceased. Allen was an uncle of James Lane Allen, the noted author, and left an estate valued at about \$75,000. The will was drawn three years ago. It is believed by some of the relatives that the document is in a private box at a bank, but without an order from court it is impossible for the box to be examined.

Hindman Let Out.
New York, Oct. 5.—Biscoe Hindman of Louisville, Ky., general agent for the Mutual Life Insurance company for Tennessee and Kentucky, was dismissed from the service of that company. The announcement was made after a meeting of the committee on insurance and agencies. Hindman is a candidate for trustee on the "selected fusion ticket."

Jumped the Track.
Louisville, Ky., Oct. 5.—Three persons were injured when the fast night express of the L. & N. railroad from Cincinnati jumped the track at Linden, Ky. The engine and mail car went into the ditch. None of the injured, who are trainmen, was seriously hurt, while passengers escaped with a fright and shaking up.

Powers Case Postponed.
Georgetown, Ky., Oct. 5.—The case of Caleb Powers, under sentence of death for the assassination of Governor William Goebel in January, 1900, was passed to the February term by agreement of counsel. Powers has been tried three times, being sentenced to life imprisonment twice and to death once.

Leaped Into River.
Cincinnati, O., Oct. 3.—An unknown white man, fairly well dressed, deliberately jumped from a skiff into the Ohio river and was drowned. The body was swept away by the swollen stream. A coat and hat were found in the boat, but all marks that might have led to his identity had been obliterated.

Jackey Killed.
Louisville, Ky., Oct. 5.—B. Miller, who had the mount on Dresden, fell and several horses ran over him. The skull was crushed and he bit his tongue in half. He was taken to a hospital, where he died. It was his first mount since he was suggested at Douglas park. He was 19 years old.

Suicided at Wife's Side.
Greenup, Ky., Oct. 1.—Frank Marshall, a farmer on Coal Branch, shot himself through the heart in the same room with his wife, who is dying of consumption. Marshall came here from Elliott county a year ago and purchased a large farm. He was deposed several months.

Tobacco Barn Burned.
Mt. Sterling, Ky., Oct. 1.—The large tobacco barn on J. M. Blafat's farm, near Springfield, was burned to the ground with about 5,000 pounds of tobacco. Loss \$1,500, with no insurance.

County Voted Dry.
Carlisle, Ky., Oct. 1.—By a majority of 811 Nicholas county goes dry. The temperance people are jubilant.

Aliens Exiled.
Tucson, Ariz., Oct. 5.—Bruno Trevino, Carlos Humbert Learnedo Vallier, Juan Garcia, Rubio Antonio and Joaquin Puentes, alleged Mexican revolutionists, were taken to Nogales and forced across the border by immigration authorities. A force of Mexican rural guards in waiting arrested them the moment they crossed the line. The men were handcuffed together and taken to the Mexican prison. The prisoners were deported on the finding of authorities at Washington that they were alien immigrants. All six were alleged to be prominent in revolutionary plots to take an armed force into Mexico and start an uprising.

JUMPED BAIL.
Dealer in White Slaves Failed to Appear in Court.

Los Angeles, Cal., Oct. 5.—Alfred Maurey, accused of being one of a gang of men banded together for the purpose of abducting and importing French girls into this country for immoral purposes, forfeited \$5,000 bail to the federal court here when he failed to appear for trial. The authorities of northern California, Mexico and Arizona have been notified to look for the fugitive. Advice from Johannesburg, South Africa, states that Maurey jumped his bond there in a similar manner some time ago while facing like charges. Visiting J. L. French, the principal witness against Maurey, and who was held in the county jail awaiting his trial, was released.

Vacancy on Supreme Bench.
Washington, Oct. 3.—The present will not make an appointment to fill the vacancy on the bench of the supreme court of the United States until the reassembling of congress in December. Secretary Tatt has been offered the position and has had the question of accepting or declining under consideration some time. The present standing of the world study appoint Attorney General Moody, who is soon to retire from the cabinet, to the vacancy, but realizes that objection would follow because Massachusetts is already represented on the supreme bench in the person of Justice Holmes.

Riot at Mobile.
Mobile, Ala., Oct. 3.—Roy Hogue, a special officer of the Mobile & Ohio railroad and one of the most widely known and best liked railroad men in this vicinity, was fatally shot, and Sidney Lyons, chairman of the city council of Mobile, was wounded in the hand during a fight at the county jail between deputy sheriffs and a crowd of men determined to capture Hogue. Hogue, 37, a negro, the mob is hunting the negro, and will lynch him if captured. The negro attacked Hogue, the 17-year-old daughter of Blount Sessaman, who lives about three miles from here.

Currency Proposition.
New York, Oct. 5.—Either a central bank of issue to be established and controlled by the government or a simple measure enlarging the present note issue privilege of national banks in such a manner that their right of issue shall not vary with the ownership of the United States bonds, are the methods favored by the special currency commission appointed by the New York chamber of commerce last March to inquire into the condition of the currency and suggest desirable changes. The report was submitted at a meeting of the chamber of commerce.

More Whisky Than Needed.
Washington, Oct. 5.—The commissioner of Internal revenue received a letter from Henry Scott, executive officer of the San Francisco relief and Red Cross fund, stating that the committee has a large supply of whisky on hand which is of no value for relief purposes, and which it wishes to sell at a low price, and asks for a wholesale liquor dealer's license. The commissioner decided that under the act of 1875 the committee may sell these spirits in one parcel only, or at public auction in not less than 20 gallons, without the payment of special tax.

Will Appeal to Diaz.
El Paso, Tex., Oct. 5.—Richardson, Mason and Harle, the three Americans sentenced to death for murdering victims to collect life insurance, will appeal to President Diaz for executive clemency and will give time to hear from him. "The date for their execution is not known. Executions in Mexico are always kept secret, no date being announced. The officer commanding the guard receives a sealed envelope to be opened at a certain date, and in this envelope he finds directions as to execution of prisoners named within."

President's Pennsylvania Trip.
Washington, Oct. 5.—President Roosevelt returned to Washington at the least weary by his day in Pennsylvania and expressed great satisfaction with the large crowds which listened to him at Harrisburg and York in spite of the rains which prevailed at both places. At Harrisburg the president spoke at the dedication of the new statehouse, which cost about \$13,000,000. Senators Knox and Penrose, who accompanied the president from Washington, remained at Harrisburg.

WEDNESDAY OCTOBER 10, 1906.

For Congress.

HON. BEN JOHNSON

Even the "hot air" man is not so warm these days.

If this weather continues the farmers will soon be having a "hog-killing time."

It is said that the Cuban trouble has caused an advance in the price of Havana cigars in this country. Good excuse now to swear off from smoking.

Vice President Fairbanks has announced his intentions of coming to Kentucky this month. No explanation from the weather man as to the cause of the sudden cold wave is necessary.

A news item under bold headlines says that two men died from drinking poisoned whiskey. Nothing startling in that. Since all whiskey is poison and men are dying every day from drinking it, the item conveyed no news.

Secretary Shaw says he is in Kentucky to warm things up politically. We would like for the Secretary to define his idea of the meaning of that word if he thinks politics is not already warm in this State.

Editor Dave Duncan, of the Meade county Messenger, made a grand fight for the cause of temperance in the local option contest in Meade county, which resulted in a victory for the whiskey element on last Saturday. Though the result was a great disappointment to him and the other local option advocates, theirs was "a duty well done" and they should feel that it was glorious to suffer defeat in a righteous cause than win an ignominious victory.

CUT HIS CHIN.

John Hurks, car repairer at the shops, suffered a severe cut to his chin while at work adjusting air pipes. A piece of pipe struck his chin cutting an ugly gash several inches in length, requiring several stitches to sew it up.

My Hair Ran Away

Don't have a falling out with your hair. It might leave you! Then what? That would mean thin, scraggly, uneven, rough hair. Keep your hair at home! Fasten it tightly to your scalp! You can easily do it with Ayer's Hair Vigor. It is something more than a simple hair dressing. It is a hair medicine, a hair tonic, a hair food.

WON BY FIVE VOTES.

The local option election in Meade county on last Saturday resulted in a victory for the "wets" by a majority of five votes. At the beginning of the campaign it was seen that a hard fight for victory on either side would have to be made and both went into the fight to win.

The temperance people were tireless in their efforts to rout the saloon, but they could not overcome the great odds arrayed on the whiskey side. About 1,700 votes were cast in the election and the close margin by which the saloon element won will doubtless cause a contest.

THE O. K. Washing Machine \$7.50

There is a big difference between washing machines as there is in sewing machines—more, because housekeepers are familiar with sewing machines and you couldn't sell a poor one at any price. But they don't know washing machines as well. The O. K. has the steel ball bearing, which makes it so easy running and almost noiseless. The fly-wheel turns either right or left and the dasher reverses automatically, turning the clothes forward and back in the machine.

We are Agents for the O. K. Washing Machine.

TOBACCO CROP IS DAMAGED.

Three weeks ago the tobacco growers of Breckinridge county were boasting of the finest prospects for the big yield of tobacco in years. Recent rains, however, have done severe injury to the weed and farmers are very much disappointed over the havoc the elements have played with their crop. The heavy rains caused much of the tobacco to rot on the stalk and some of it has rotted in the barn. However, several farmers in the county state that with good weather for a few days much of the weed can be saved that otherwise will be lost. The crop also is coming in for its share of damage from the rains and some of it is rotting on the stalk and in the shock.

Woman Shoots Down Plan While Holding Mob at Bay.

Bedford, Ind., October 3.—Holding a crowd of drunken rowdies at bay with a revolver, Mrs. J. M. Brown, wife of the owner of Brown's vaudeville show which exhibited at Fort Ritter last evening, defended herself with fire courage. The rowdies then turned on Mrs. Brown. Deputy Prosecutor Plummer went to Fort Ritter today and caused the arrest of fifteen young men as a result of the affray.

When he found himself low down in the valley his consolation was that climbing the mountain is hard work, anyhow.

When he couldn't reap a rose in the garden of life he thought of the roses beneath the rose leaves, and went his way rejoicing.

When Trouble knocked at his door he took down his banjo, struck up a jig-tune, and told Trouble to walk in and take the first place in the dance.

Figures On Farms

If you could sell your farm today for \$100 an acre and buy it back tomorrow for \$10 an acre, you would do it.

If you can buy the \$100 land for \$10 somewhere else, the proposition is just as good. You can buy it in the Southwest.

Why shouldn't you do it?

If you wish to know more about it, write for copies of our Texas and Oklahoma books. They are free.

Nervous Worn-Out

If you are in this condition, your nerve force is weak—the power is giving out, the organs of your body have "slowed up," and do their work imperfectly. This failure to do the work required, clogs the system and brings distress and disease. When the nerves are weak the heart is unable to force the life-giving blood through your veins; the stomach fails to digest food; the kidneys lack power to filter impurities from the blood, and the poisonous waste remains in the system to breed disease. Nerve energy must be restored. Dr. Miles' Nerve will do it, because it strengthens the nerves; it is a nerve medicine and tonic, that rebuilds the entire nervous system.

"Several years ago I was all broken down. I was nervous, worried, could not sleep, and was in constant pain. I doctored for months, and finally the doctor said he could do nothing for me. I began taking Dr. Miles' Nerve, and now I am altogether right, and I am a better person than I was before."—H. C. CUNNINGHAM, 108 Elmworth Ave., Allegheny, Pa.

Dr. Miles' Nerve is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails, he will refund your money.

HON. BEN JOHNSON AT HARDINSBURG

Hardinsburg, Ky., Oct. 9.—[Special].—The Hon. Ben Johnson, of Bardonia, Democratic candidate for congress, delivered an address of an hour's length, to an audience that comfortably filled the court house. His remarks were confined to the tariff and trusts. He charged that the Rev. R. H. Roe, the prohibition nominee for congress in this district, is a Republican in disguise. During the course of his speech he told a number of good stories, and he was often applauded. After Mr. Johnson had concluded, Senator J. W. Newman, of Woodford county, made a few remarks in advocacy of his candidacy for the Democratic nomination for the office of Commissioner of Agriculture, Labor and Statistics. What he said was well received.

SKIN ERUPTIONS FOR 35 YEARS

Suffered Severely With Eczema All Over Body—Examined 15 Times by Government Board Who Said There Was No Cure—An Old Soldier Completely Cured.

A THOUSAND THANKS TO CUTICURA REMEDIES

"For over thirty-five years I was a severe sufferer from eczema. The eruption was not confined to any one place. It was all over my body, limbs, and even on my head. I am sixty years old and an old soldier, and have been examined by the Government Board over fifteen times, and they said there was no cure for me. I have taken all kinds of medicine and have spent large sums of money for doctors, without avail. A short time ago I decided to try the Cuticura Remedies, and after using two boxes of Cuticura Soap, two boxes of Cuticura Ointment, and two bottles of Cuticura Resolvent, two treatments in all, I am now well and completely cured. A thousand thanks to Cuticura. I cannot speak too highly of the Cuticura Remedies. John T. Roach, Richmond, Ross Co., Ohio, July 17, 1905."

100,000 MOTHERS Daily Tell Other Mothers

That Cuticura Soap is the best baby soap in the world for cleansing and purifying the skin, and that Cuticura Ointment is of priceless value for soothing and healing itching, torturing, and disfiguring eruptions. A single application of Cuticura Ointment, preceded by a warm bath with Cuticura Soap, gives instant relief, and refreshing sleep for skin-tortured babies. For tired mothers. Bathe the affected parts with hot water and Cuticura Soap, to cleanse the surface of crusts and scales and soften the thickened cuticle; dry without hard rubbing, and apply Cuticura Ointment freely, to allay itching and inflammation, and soothe and heal.

Cuticura Soap, Ointment, and Resolvent are sold throughout the world. Beware of cheap imitations. The old, original, GROCER'S TASTELESS CHILL TONIC. You know what you are taking. It is iron and quinine in a tasteless form. No cure, no pay.

Mrs. E. W. Graves and son, J. W. Graves, returned Saturday from a week's visit to relatives in Owensboro.

Rev. W. A. Hynes, presiding elder of the Columbia district M.E. church, preached a fine sermon on Sunday on "Christ the man, Christ the God." He was invited by Rev. Edward Graves to fill his pulpit at the morning services. Rev. Graves preached an able sermon on mission at the evening services.

Mrs. Charlie Brown, of near Brandenburg, spent last week with her son, James Smith.

In spite of bad weather the children in Mrs. Simms' school succeeded sufficiently well with their entertainment to insure them a basket ball set. They have already posted a challenge to other schools in the vicinity to enter into competition with them.

Miss Irene Simms has received communications from the secretary of agriculture asking her to observe Arbor day and bird day in her school. Arbor day is observed by schools in nearly all of the States and territories and has done wonderful good in creating sentiment in the minds of the young against the wanton destruction of forests. Bird day by its observance could result in an equal amount of good toward the preservation of the birds. If the teachers in the public school would interest themselves in the matter. The character developed in the girls and boys of today by worthy effort and uplifting thought will bear a rich harvest in twenty years of big souled, broad minded men and women.

Miss Mary Henry has returned after a visit to relatives and friends at Cloverport and Hawesville.

FISCAL COURT PROCEEDINGS.

The court was in session four days, and all the magistrates were in attendance.

Dr. F. M. Smith was allowed \$434.00 for his services in connection with the small-pox epidemic at Cloverport.

The court directed the county clerk to furnish each year to the Fiscal court at its April term a complete list of all allowances made by the County Judge in the county court for the year preceding that term.

The action of the road committee of the Fiscal court in correcting the bid of B. F. Beard & Co., in the matter of the purchase of road tools and supplies for the county road, was approved and confirmed.

The claim of Jno. W. O'Brien, amounting to \$65.60, for supplies, etc., furnished smallpox patients, was rejected.

The claims of C. G. Brabant and Elizabeth Frymire, amounting to \$42 and \$52, respectively, for nursing smallpox patients, were rejected by the court.

The following order with reference to epidemics was adopted: "It is ordered by the court that hereafter no purchase of provisions or supplies for smallpox patients, or for patients of any other epidemic, even though the same is ordered by the County Health Officer, shall be paid or even considered, unless the purchase of said provisions and supplies is approved by the Pauper Commissioner."

Bond No. 52 of the R. R. taxed district, having been paid, the same was burned in the presence of the court.

This leaves \$49,000.00 yet to be paid by the district.

The salary of J. O. H. Pile, as Superintendent of Common Schools, amounting to \$884.78, was allowed.

The court decided to let the McEles Ford bridge across Rough river remain at its present location. It was ordered repaired and the court recommended that a new road to be opened on the Breckenridge side.

The court refused to take any action toward establishing a bridge across Rough river at Hornback's mill, holding that the benefits to be derived by the people from the erection of the proposed bridge, are not commensurate with the expense of the expenditure of money necessary to erect the same.

The court did an excellent thing, when it ordered the water closet removed from the court house yard, immediately after the close of the October term 1905, of the circuit court.

The court appointed Morris M. Beard as its commissioner and authorized him to borrow, at a rate of interest not exceeding 4 per cent, a sum of money sufficient to retire the outstanding indebtedness of the county, created prior to Jan. 1, 1906. The amount outstanding, according to the report of Mr. Beard is \$1,452.22, this being the floating indebtedness of the county.

The R. R. tax levy was laid at 50c on each hundred dollars worth of taxable property within the taxed district.

M. H. Beard was appointed as the commissioner of the court to make settlements with the sheriff for taxes for year 1906.

The proceedings of the court were ordered published in the Democrat and News, at the price fixed by law for publication in one newspaper.

The following order was entered with reference to the proposed bridge at Eveleigh's mill: It is considered by the court from the evidence and the report of its commissioner that it is not advisable to erect a bridge across Rough river at Eveleigh's mill, and F. K. Rhodes is appointed as a commissioner of this court to notify the Fiscal court of Grayson county, Kentucky, of the action of this court, and to request it to appoint a commissioner for this purpose. When the commissioner of the Grayson county Fiscal court shall have been appointed, the said F. K. Rhodes shall meet with the commissioner of Grayson county, at the place proposed for the erection of said bridge, and agree with him on a plan for the same and contract for the erection thereof, and the said commissioner will report his acts herein at the next April term of this court. It is further ordered by the court that the land owners in this county shall give the right of way for road to the said bridge site, before this order shall become effective.

All claims allowed at this term of the court were ordered to be paid out of the levy for 1906.

The court adjourned Friday afternoon.

America is the Land of Nervous Women.

The majority of women are nervous because they suffer from some form of pelvic catarrh.

The greatest obstacle in the way of recovery is that they do not understand that catarrh is the main source of their illness.

Women who are in doubt as to their ailments should write to Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio, who will give their letters prompt attention, without charge.
